

**MATERIAL SAFETY DATA SHEET
C.O.S.H.H.**

Product Name: Super and UV Bubble Fluids

Product Use: Bubble fluid

T.D.G and D.O.T. Classification: Not Regulated

Ingredients:	CAS#	Wt%	ACGIH-TLV	LD50	LC50
Anionic/Non-Ionic Surfactant blend	n/a	1-5	Not applicable	Not available	Not available

Physiological Data

This product is not listed as a dangerous substance in the EEC directive that deals with the packaging and labeling of dangerous substances.

Boiling Point (deg C) 100

Specific Gravity (H2O=1): 100

Vapour Pressure (mm Hg) As per water

Solids content(wt%): <2.5

Vapour Density (Air=1): Similar

Evaporation Rate (Water=1): Similar

Physical State: Liquid

pH (as supplied): 7-7.5

Appearance and Odour:

Slightly viscous liquid with no noticeable odour.

Flammability: Not Applicable

Flash Point (deg C, TCC): None

LEL: Not Applicable

UEL: Not applicable

Hazardous combustion products: Not applicable

Extinguishing Media: Treat for surrounding material

Special Fire Hazards: None known to us at this time.

First Aid	If swallowed it is very unlikely that harm will result. Wash eyes with plenty of clean water. In the unlikely event irritation should occur, seek medical advice. Wash contaminated clothing with ordinary soap and water.
Industrial Hygiene	The usual safety precautions relating to chemicals should be observed.
Disposal	Can be burned in incinerators with household refuse.
After Spillage	Take up with absorbent material and dispose normally (product is water soluble).
Storage	No special storage required.
Handling	No special handling precautions are required but it is good practice to wear rubber gloves. As with all chemicals, eyewash with clean water should be readily available.
Road Accidents	Observe the usual precautions Stop the engine Notify the police & fire brigade Warn other road users and keep public away from the area. Its presence on the road surface may increase the tendency to skid. Transfer as much as possible to other containers and flush away any residue with plenty of water.
Transport	This product is not regarded as hazardous for transport.

This information has been prepared from the best sources of knowledge available to us and we cannot be held liable for any inaccuracy or any insufficiency in this information whatsoever.
